

Stock Gifts – Donor Instructions

Donations of common stock and mutual funds are easily accomplished and enable the donor to reduce his tax liability by the value of the shares on the date of the gift. There are several options available to donors – please review the steps below to determine the best option for your gift.

- All gifts should be processed through Archdiocesan Brokerage accounts already established whenever possible.
- If you wish to have your broker complete a transfer of shares, please complete the Authorization For Transfer Gift of Securities form and enter the Archdiocesan Brokerage ACCOUNT and DTC number from the listing. (Most brokers will be able to transfer to another firm if you do not see yours listed – the DTC number will help your agent complete this transfer).
 - Some firms have their own form for gifting, so please contact your broker to verify what requirements they have for processing a DTC gift of securities.
- Please be sure to give the original Authorization Form to your broker and either mail or fax a copy to the Financial Services Office. We will coordinate with our broker to process your gift promptly and remit funds as you specify in Section I.
- If you have a certificate on hand that you wish to donate, please DO NOT endorse the back of the certificate. For security reasons, please contact Financial Services at (503) 233-8359 for forms that will give the Archdiocese title to the certificate. Mail the completed forms to the Pastoral Center under separate cover from the certificate. Your gift will be registered the date the latter is received (if mailed on separate dates).
- If you have a certificate and desire only a portion to be gifted, you will need to contact “Shareholder Services” for your security and request new certificates to be issued. The gift will be posted on the date the new certificate is issued.
- Regarding Mutual Fund Shares – please contact your broker for their requirements to gift shares of a Mutual Fund. It may be necessary for the Archdiocese to establish an account in order to receive the Mutual Fund shares.
